Forecast For The United Kingdom
Issued by Met Office Exeter
at 1600 on Sunday 20 Jun 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Rain in south. Drier in north. Fairly cool.

This Evening and Tonight:
Rain across southern England, becoming heavier later. Some showery rain over Scotland and Northern Ireland moving southwards into northern England. Away from this, dry conditions with some good cloud breaks and chilly for some overnight.

Monday:
Cool and cloudy across southern England with rain, perhaps heavy at times. A few showers over northern England sinking south. Mostly dry and bright elsewhere.

Outlook for Tuesday to Thursday:
Cloud slowly clearing from the southeast with other places dry with sunny spells after a cool start. Cloud and outbreaks of rain moving southeast through midweek, with temperatures around average.
